WHY CHOOSE ME?

I am an experienced, professional program manager and PMO consultant who specializes in project management and PMO training and consulting, this is all I do!
My goal is to elevate your sense of sophistication and self-assurance in your ability to manage projects.

WHO I AM?

My name is Teresa Azar, and I am the owner of PMO Pedia as well as a business partner of PMOGI.

I have over 15 years of expertise in project management, PMO, and consulting.

I hold an MBA, Project Management, and PMO Certifications in addition to my engineering and information technology qualifications.

My goal is to help you realize your dreams by encouraging excellence in project management, PMO implementation, and training.

I am passionate about mentoring aspiring project managers, PMO managers, and corporate executives. I am currently based in Dubai. When Teresa isn't in the boardroom, she enjoys reading, traveling, taking walks, and listening to music.

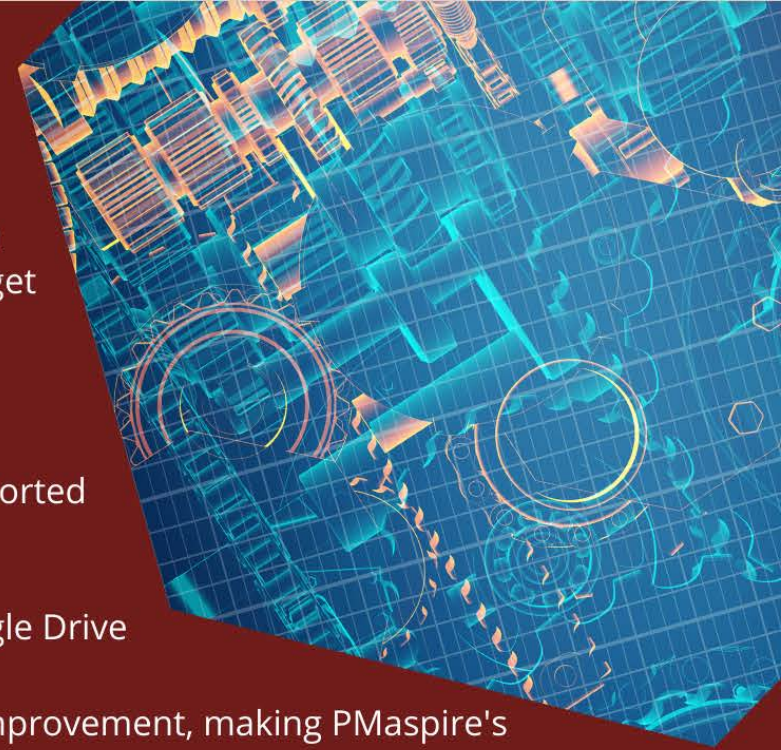

BASELINE PMO SOFTWARE

PMaspire Baseline revolutionizes project management with an AI-driven PMO software, offering a user-friendly interface for quick WBS and budget creation. The AI-powered PMO Dashboard provides a comprehensive project overview, while the Agile Kanban Board streamlines task management.

Integrated Change Management ensures real-time adaptability, supported by the Risk Management Suite for proactive risk management.

Allie, the AI assistant, simplifies WBS creation, and seamless Google Drive integration enhances document accessibility.

The Lessons Learned Register captures insights for continuous improvement, making PMaspire's Baseline PMO a hub of efficiency and innovation.

KEY FEATURES:

- 01 User-Friendly Interface**

- 06 Integrated Change Management**
Real-time adaptability for change requests.
- 07 Seamless Google Drive Integration**
Accessible document uploads and on-the-go control.
- 08 Lessons Learned Register**
Capture insights for continuous project improvement.

About Certified Baseline

PMO CONSULTANT (CB-PMO)® CERTIFICATION PROGRAM

The CB-PMO® certification provides an advanced insight and vision to navigate the implementation of PMO projects in complex environments, ensuring successful delivery of strategic initiatives.

Unlock the opportunity to become a Certified Baseline PMO Consultant (CB-PMO)® through our training and certification program.

Obtain the globally recognized Certified Baseline PMO Consultant (CB-PMO) credential for professionals in project management and related fields who work with or are involved in PMO initiatives.

This certification guarantees the advanced knowledge necessary to deliver strategic project initiatives and comprehend how PMO projects are implemented in real-world, complex environments.

PMO Global Institute Inc is the global certification body for PMOs, representing global project management offices including project, program, and portfolio managers involved in defining, establishing, and running high-performing Project Management Offices (PMOs) in and across industry sectors.

EMPOWERING PMO EXCELLENCE WITH CB-PMO® CERTIFICATION

01 Leading PMO Certification

PMO Global Institute certifies PMO professionals with the renowned Certified Baseline PMO Consultant (CB-PMO)® certification, ensuring a reliable evaluation of PMO skills and knowledge.

02 Global Recognition for PMO Professionals

PMO experts are globally acknowledged for their adept implementation of project management practices, thanks to the CB-PMO® certification developed by industry experts and based on rigorous standards.

03 Versatile and Worldwide Application

CB-PMO® certification empowers professionals to work across industries and around the globe, enabling them to contribute to organizations following any project management methodology.
